

CHAMINDU KAVISHKA

Undergraduate student

About Me

I am a dedicated third-year undergraduate student pursuing a Bachelor of Information and Communication Technology (BICT) in Software Engineering. With a solid foundation in software development, circuit design, and problem-solving, I have gained hands-on experience through academic projects, social initiatives, and two years of working as a repair technician at a phone repair shop. I am highly motivated to contribute to innovative solutions and am eager to apply my technical skills in real-world applications, while continuously learning and growing in the field.

OTHER DETAILS

- NIC - 200206202321
- Gender - Male
- Birthday - 02-03-2002
- Civil Status - Single
- Nationality - Sinhalese

Education

(2022 - 2026)

IBA CAMPUS

BICT SOFTWARE ENGINEERING (HONS)

(2021)

A/THALAWA M.V

ADVANCED LEVEL IN TECHNOLOGY STREAM

S = 1

(2018)

A/MAHABULANKULAMA M.V

ORDINARY LEVEL

C = 4

S = 4

(2017 - 2018)

NENASALA

CERTIFICATE IN ICT

(2017 - 2018)

NENASALA

CERTIFICATE IN ENGLISH LANGUAGE

(2017 - 2018)

NENASALA

CERTIFICATE IN TAMIL LANGUAGE

Skills

- Web Design
- Ms Office
- Php
- Laravel
- HTML & CSS
- Python
- JavaScript
- Wordpress
- Email
- Database Management

Language

- English
- Sinhala

Soft Skill

- Problem-Solving – New challenges and finding effective solutions in technical and non-technical scenarios.
- Teamwork – Collaborating effectively with diverse groups to achieve common goals.
- Time Management – Prioritizing tasks and managing deadlines efficiently.
- Communication – Clear and concise communication with team members and clients, both written and verbal.
- Adaptability – Quick learning and adjusting to new technologies or work environments.
- Attention to Detail – Thorough analysis and execution of tasks with minimal errors.
- Leadership – Managing teams and leading projects with efficiency and responsibility.
- Critical Thinking – Evaluating situations and making informed decisions under pressure.

Technical Skills

- Programming Languages: PHP, Java, Python
- Web Development: HTML, CSS, WordPress, Laravel
- Database Management: MySQL
- Version Control: Git
- Frameworks & Libraries: Laravel
- Other Tools: VS Code, NetBeans

Experience

(2022 -2024)

**PHONE REPAIR TECHNICIAN
CELL HUB MOBILE
ANURADHAPURA**

- Over two years of hands-on experience in diagnosing and repairing a wide range of mobile devices.
- Expertise in hardware repairs, including screen replacements, battery issues, charging port repairs, and motherboard troubleshooting.
- Proficient in software troubleshooting such as OS reinstallation, software updates, and data recovery.
- Strong ability to provide excellent customer service and clear communication to clients regarding repairs.
- Capable of maintaining organized records of repairs and managing inventory of spare parts and tools.

Projects

POS System Development

TECHNOLOGIES USED: **LARAVEL, MYSQL**

- Developed a Point of Sale (POS) system using Laravel framework to manage sales, inventory, and customer data.
- Implemented features such as product management, sales reporting, and real-time stock updates.
- Integrated payment gateways for seamless transaction processing.
- Designed user-friendly interface for efficient use by retail staff.
- Ensured system security and data protection through authentication and encryption techniques.
-
- Worked with MySQL for database management and used version control (Git) for code management.
